

Leading Scorers: Party Unity

Support indicates those who in 2005 voted most often with a majority of their party against a majority of the other party. **Opposition** shows those who voted most often against their party's majority on such party unity votes. Scores are based on actual votes cast. Members who missed half or more of the votes are not listed. Scores are rounded to 1 decimal point; those with identical scores are listed alphabetically. (Complete scores, pp. 99, 100)
